CIRCLE MASTERS FLYING CLUB MEETING for August 2025

The August Circle Masters flying club meeting was held on August 2nd, 2025, at our flying field. The meeting started at 1:03pm and ended at 1:32pm, with twelve members present.

REPORTS and ANNOUNCEMENTS:

The steam and tractor show was a little sparse this year, with bad weather and lower attendance.

Park reconstruction is going well. The area is hardly recognizable, with holes and large piles of dirt all over. It will be great when it is finally finished.

Dave Siegler is taking over the scheduling and reservations for our library meeting room. It looks better if mail requests come from a Waukesha resident rather than a Milwaukee address.

OLD BUSINESS:

EAA KidVenture went well this year with 1200 kids getting a chance to fly control line models. We had a smaller pit crew, but we were able to get 4 to 5 flights on a battery charge. The reliability of these electric powered airplanes is wonderful, just push a button and launch.

NEW BUSINESS:

Don Adriano gave a report about the potential future of our involvement in the KidVenture program.

Randy and Carol Dahlinger both received EAA service awards.

WEB BUSINESS

The website is in the process of being updated.

Howard moved to close the meeting and John Schaefer seconded. Meeting closed.

UPCOMING EVENTS:

This year's Ringmaster event is October 14th.
